professional gambler now selling his baccarat systems

I am known to many simply as "The Guru". I have been a professional gambler for many years and have developed many winning craps betting . But even I know that craps betting is a tough game to beat. In fact, it took me almost 2 years of intensive research, and testing to finally come up with a system that was a long term craps betting winner. But once the doors of revelation and understanding were opened, a flood of ideas came forth and one winning system after another was developed. Despite what the so-called "Gambling Experts" may say, and despite what casino management themselves may believe, craps betting CAN BE BEATEN ON A CONSISTENT BASIS! And I have the craps betting to prove it.

Gamblers have been searching for systems like these for years, but have been disappointed time and time again. I spent thousands of dollars on worthless craps betting before finally realizing that if I was ever going to have a method that would consistently beat the game of craps betting I was going to have to develop it myself. And so, after almost 2 years of diligent effort and often much frustration, I finally succeeded. I know have developed not one, but three separate WINNING craps betting ! Other's have failed to come up with just one successful system, while I have developed three!
